

Dairygold Agri Business

Pegasus Horse Feed Dairygold were delighted to sponsor the CCI3*S and CCI3*L classes in the International event hosted in Ballindenisk near Watergrasshill, Co Cork in April.

This was one of the last opportunities for riders to compete for a place on the Irish Eventing Team for the Tokyo Olympic Games scheduled for this summer. The event opened behind closed doors with trot ups and dressage beginning Wednesday the 21st of April and ran until Sunday the 25th.

Pegasus Dairygold ambassadors Global Eventing were competing there for their spot on the team in hopes of travelling to the games later in the year.

Pegasus Horse feed is manufactured in Lombardstown Mill, offering a wide range of feeds suitable for every type of horse and pony.

Below is rider Brian Morrison from Global Eventing completing his dressage with his horse Global Mentor. Global Eventing are great ambassadors for Dairygold.
